Dear Mr. Quinata,

Thank you for your recent letter regarding the annual Congressional Art Competition. I appreciate your interest in partnering with my office to become a sponsor of this annual event as the Guam Preservation Trust celebrates 25 years of protecting and preserving Guam's heritage and historic places.

Throughout the years, the art competition has drawn hundreds of high school students to share their artistic talent and abilities through visual art in pursuit of being selected as the winning entry to represent Guam in the national competition. As you know, the winner is given the unique opportunity to travel to Washington, DC for the award ceremony and his or her entry will be displayed in the U.S. Capitol for one year. This is an historic milestone for the Trust and I am pleased to partner with your organization for this event.

My District Director, Jon Junior Calvo, will be in touch with your office to discuss the details of this partnership. Jon can be reached at 477-4272 or at jon.calvo@mail.house.gov. Additionally, please once again my sincerest congratulations on the unveiling of the Guam Preservation's Trust Five Year Strategic Plan as you celebrate 25 years of upholding the mandate to protect, preserve, and promote the Chamorro heritage and our island's historic places. *Si Yu'os Ma'ase.*

The Guam Micronesia Island Fair will be featuring a lineup of artists representing the islands throughout Micronesia. In addition to Micronesia's talent showcased, we have invited The Mambo Company to perform in a free concert at this year's GMIF. The Mambo Company has been in the island music scene for 21 years. Jamaican Reggae-inspired rhythms blended with Hawaiian vocal harmony and infused with some island instrumentation - Acoustic Guitar, Ukele, Steel Guitar, creating a new style of international Reggae all it's own. They have inspired many of the top island reggae bands & artists popular today, as they were part of the wave of Hawaiian music that took the islands by storm over 20 years ago, helping to develop a new type of island music that blended the tight, cool rhythms of Reggae, with the beautiful, soothing harmonies of Hawaiian and turning it into music like no other kind in the world - "Hawaiian Reggae." They are Na Hoku Hanohano award winning artists (Hawaii's version of the Grammy's) and in 2002, their album, entitled "Spread a Little Aloha" won 5 Hoku's, including Song of the Year (Aloha), Contemporary Album, & Album of the Year. They have performed all over Hawaii, the West Coast, & internationally as well. With hits like 96 Degrees in the Shade, Drop Baby Drop, Aloha, All Day Music, Roots Rockin, and Jungle Rain, they are sure to be anticipated addition to the Fair.

Mr. Joe Quinata
Chief Program Officer
Guam Preservation Trust
167 Padre Palomo Street
Hagåtña, Guam 96910

Hafa adai Mr. Quinata,

First of all, on behalf of the Marianas History Conference Steering Committee, congratulations on the Trust's 25th Anniversary in preservation and the release of your Five Year Strategic Plan! The Trust's efforts in preservation have been pivotal to the milestones achieved over the last two decades in the revitalization of our unique cultural heritage!

A key driver in preservation efforts is the Trust's continued support of activities such as the Marianas History Conference. The only conference of its kind, it provides scholarly presentations about Marianas history which helps to increase public appreciation of and benefit from our community's historic sites and unique cultural heritage.

As you know, planning is underway for the third conference, scheduled for September 4-6, 2015, in Saipan. The Conference theme is "*One Archipelago, Many Stories: Milestones in Marianas History*." Dr. Miguel Vilar, science manager for National Geographic's Genographic Project, a molecular anthropologist and a science writer, will be the featured keynote speaker. Two other scholars will also give keynote speeches: James Viernes and Jessica Jordan, both who live in the Marianas and who are finishing their PhD research this year.

The Steering Committee would like to invite the Guam Preservation Trust to serve as a co-Presenter with the Northern Marianas Humanities Council for this much anticipated event. Of course, there are other sponsorship packages available, however, we hope the Trust will consider serving as co-Presenter as part of its 25th Anniversary celebration.

The NMI Council Board has confirmed their \$15,000 contribution, and we hope that GPT can match that contribution and be given "presenter" status. Promotional materials, press releases, and conference programs will include the phrase "GPT presents." GPT's

banner will be displayed prominently during the conference. We will also provide space at the conference venue for GPT to display information about other GPT programs and projects. GPT literature will be included in the conference packet given to participants. Members of your office who wish to attend the conference will be welcomed free of charge.

Thank you for the support your office has already given us in the initial planning of this conference. We look forward to hearing from you soon.

Sincerely,

Dr. Anne Perez Hattori
Co-Chair
Marianas History Conference III
