CERTIFIED PUBLIC ACCOUNTANTS

March 20, 2026

Board of Directors
Guam Preservation Trust

We have audited the financial statements of Guam Preservation Trust (the Trust), a component unit of the Government of Guam, as of and for the year ended September 30, 2025, in accordance auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Professional standards require that we provide you with information about our responsibilities, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 7, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Trust are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Trust during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the Trust's financial statements was:

Management's estimate of the allowance for doubtful accounts is based on an analysis of the collectability of amounts due from the General Fund. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Saipan Office

Suite 203 MH II Building
P.O. Box 504053, Saipan, MP 96950
Tel Nos. (670) 235-8722 (670) 233-1837
Fax Nos. (670) 235-6905 (670) 233-8214

Guam Office

333 South Marine Corps Drive
Tamuning, Guam 96913
Tel Nos. (671) 646-5044 (671) 472-2680
Fax Nos. (671) 646-5045 (671) 472-2686

Palau Office

PIDC Apartment No. 11
PO Box 1266 Koror, PW 96940
Tel Nos. (680) 488-8615
Fax Nos. (680) 488-8616

The following material misstatements detected as a result of audit procedures were corrected by management:

- Accrued expenses were corrected to reflect all amounts due to a contractor at year end including retention payable.
- Adjustments were recorded to post prior year audit adjustments.
- Correction was made to the amount due for permit fees from the Department of Administration.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 3, 2026. See Attachment 1.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Trust's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Trust's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Management's Discussion and Analysis, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the comparative financial statements and Schedule of Grant Projects, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the Board of Directors and management of the Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Bruce Conner & Associates

Tamuning, Guam
